

FLOREXTM

PIPES & FITTINGS

Quality is Our Best Policy.....

:: Mfg. ::
uPVC, cPVC, SWR Pipes & Fittings

OUR VISION :

Girraj Pipes Fittings are need various types of piping system for various applications for efficient use of uPVC, cPVC Pipe Fittings, SWR Pipe Fittings, As water are Vital for human, Existence water we need efficient Piping systems.

We are on a continuous endeavour to optimise our Production Processor and quality control system to remain competitive and be a leader in the market achieving total customer satisfaction by continually improving on the product quality, ease of use, availability, and cost performance, extend the reach of the customers to the best, latest and cost-effective products.

OUR MISSION :

Our Mission is to expand and continually improve through new technologies, better business practices, meeting market expectations and attaining employee involvement to manufacture product that result in customer and employee satisfaction.

Beside customer service, our primary mission is also to take care of the society and the environment.

Our primary mission is to become the market leader by being one of the original providers of the best quality products on the other hand, our main task is to work in close association with our valued customers to comprehend their long-term needs, we are also one of the very few companies who use the Latest technology in the market.

Innovative Plumbing Solution

AN ISO 9001:2015 CERTIFIED COMPANY

Florex High pressure uPVC solvent weld plumbing systems are the most suitable, easy and economical solution for transportation and distribution of potable water. This system is very easy to install and is functionally most suitable for plumbing applications like down-take and up-take lines, terrace looping and concealed pipe work in any building or construction. Florex uPVC is a value added long - term plumbing solution for the building industry.

Features and benefits :

- Florex pipes are manufactured in 15mm to 50 mm (½" to 2") size as per ASTM D-1785
- The complete range of fittings in SCH 80 are also available as per ASTM D-2467
- Pipes are 3m & 6m available in both SCH 40 and SCH 80 pressure class

Innovative Plumbing Solution

AN ISO 9001:2015 CERTIFIED COMPANY

cPVC PIPES & FITTINGS

Made of chlorinated polyvinyl chloride, Florex cPVC Pipe & Fittings are manufactured according ASTM D-2846 respectively. Florex cPVC Pipes & Fittings offer a long-lasting and cost-effective solution for hot and cold water in Plumbing and potable water applications

Features and Benefits :

- Available in a complete range from 15mm to 50 mm (½" to 2")
- The pipes are available in SDR 11.
- Threaded inserts in the transition fittings are made from brass.
